can do for you...*

Pigging Products & Services Association

The Pigging Products and Services Association (PPSA) was established on 1st May 1990 and now has over 100 members, representing virtually every aspect of the pigging industry throughout the world.

PPSA plays a major role in providing information and sourcing pigging equipment and services for pipeline operators and the industry generally and responds to hundreds of enquiries each year. Its Buyers' Guide and Directory of Members is sent to over 7000 named individuals throughout the world, all of whom have an interest in pipeline pigging.

PPSA runs seminars and training courses on pigging, sponsors lectures and meetings about the subject and supports relevant conferences. Also it has produced a book entitled "An Introduction to Pipeline Pigging". PPSA is funded entirely by its members and its stated aims are, "To promote the knowledge of pigging and its related products and services by providing a channel of communication between the members themselves and with users and other interested parties".

PPSA's wealth of experience is available to pipeline operators worldwide

- Free technical information service available to all.
- Buyers' Guide and Directory of Members.
- PPSA web site – www.ppsa-online.com
- Sourcing of pigs and pigging services.
- Pigging seminars.
- PPSA newsletter, "Pigging Industry News".
- PPSA's book, "An Introduction to Pipeline Pigging".

Free Technical Information Service

We invite you to use our services in sourcing pigs and pigging equipment and for general advice on the subject.

Our technical information service is open to all and a panel of advisers is always on hand to answer your questions about pigging and pipeline integrity.

Simply e-mail us on:
ppsa@ppsa-online.com

We encourage pipeline operators to join the Association to build closer links between us and to stimulate the future development of pigging equipment and services.

There are three levels of membership:

Full –

companies manufacturing or marketing pigging products and services.

Associate –

companies connected with the industry e.g. pipeline operators, suppliers and allied industries.

Individual –

anyone with an interest in pigging products and services.

PPSA aims to promote the knowledge of pigging and its related products and services by providing a channel of communication between the members themselves, and with users and other interested parties
